EVENT:

The Petroleum History Institute (www.petroleumhistory.org) has held an Oil History Symposium for the last several years in a different locality throughout the U.S. and Canada. The location is selected based on an area with a rich oil history to allow a day of oral and poster presentations (Friday, 24th), as well as a fieldtrip to local oil historical sites (Saturday, 25th). Come join us for this historical event!

LOCATION:

The Symposium will take place in Marietta, Ohio. Marietta is located at the confluence of the Ohio and Muskingum Rivers and is only a short drive from Columbus, Cleveland, Cincinnati and Parkersburg. Founded in 1788, Marietta is the oldest organized city in the Northwest Territory, and currently has a population of around 15,000. Marietta College is the oldest and most well known Petroleum Engineering and Geology Departments in the United States. The Symposium will be held at the Lafayette Hotel, the Friday night banquet will be held onboard the Ruble's Sternwheeler, and the Saturday coach bus tour will take place throughout the region.

ACCOMMODATIONS:
