Elite Seismic Processing  
1927 Tamarack Rd.  
Newark, OH 43055  
(740) 788-8836  
seismic@sprynet.com

## **President's Column**

Dear Society Members,

It is with great pleasure that I learned I was voted as the President for the 2004-2005 term. I feel that we have accomplished much this past year and I hope to continue the excellent work and progress.

In addition to the excellent group of speakers we have had this year and the always eventful Winter Gala, we have also hosted two PTTC workshops that should have been of great interest to many of you.

On Thursday, August the 26th, we will have the annual golf outing yet again at the Chapel Hill Golf Course, just outside of Mt. Vernon, Ohio. Last year the event was well attended and we hope to repeat the combination of great golf and hordes of geologists. Please sign up for this event soon as space is limited.

This year we have many interesting events and speakers already planned. I look forward to you joining us at some of our upcoming events.

See you in August at Chapel Hill!

Jason F. Henthorne
