In order to keep pace with world's effort to "Go Green," the Society decided to allow me to act as President for this upcoming year. For those of you who do not know me, I am only two years removed from college. However, with fellow officers like Steve Zody, Amy Lang, and John Miller there is no need to worry. They have already promised to keep me from leading the Society astray. All joking aside, I'm eager to follow in Frank's footsteps and hope to continue the increase in participation that we have seen at our monthly meetings.

One idea that Frank was pushing for very hard last year was a Society field trip. I'd also like to see more input from members on talks that they would like to hear. If anyone has a suggestion for a field trip, potential speaker, or a topic that they would like covered, do not hesitate to contact any of your officers. We will do our best to accommodate our members.

If you haven't done so already, please mark your calendars for the OGS Golf Outing that is on September 18th. Also, please note that the early bird registration is due by September 9th. As always we anticipate having a great turnout for one of the Society's most popular events!
